

Leaving Cert. Mock Exam Review-Result analysis

Dear Dáltaí,

You have invested energy and time in your Mock Leaving Certificate exams. For you to really get the most out of them you must analyse your results and your overall exam performance.

Use your report card, your exam scripts and the teacher comments to complete this booklet. It should inform your work from now until June.

Remember that to improve you need to take stock of where you currently are. Evaluate your strengths on the left, and weaknesses, on the right. Then identify exactly what you can do to push yourself into the next grade. The answer is not simply “to study” (although that is helpful!). You need to have precise targets. They should be as definite as the following examples:

“Learn the time, numbers over 60, & the past tense in Spanish”.

“Include more connectives and adverbs in my French informal letter”

“Practice drawing and labelling my answers on erosion in geography”.

“Time myself writing sample answers for the essay in English”

“Learn 5 new quotes and practice using PQE for English”

You have only 9 weeks left in school – you need to make them count!!
Work smart for the rest of the term!

Self-Care

Create an activity plan below of things you can do to ensure you stay healthy and increase your motivation. It is important to take time out so that when you study you are focused and motivated.

Sample wellness plan:

- 1. I will drink at least 8 glasses of water each day*
- 2. I will go to bed at _____ each night*
- 3. I will make time at the weekend to connect with my friends or family*
- 4. I will walk on the beach everyday*
- 5. After a long study session I will treat myself by _____ (going to the cinema, gym, listening to my favourite album etc)*
- 6. People I can talk to if I feel overwhelmed are....*
- 7. Each night I will list the positive things that have happened that day*
